

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SOUTH CENTRAL BELL TELEPHONE)	
COMPANY'S PROPOSED AREA)	CASE NO. 91-250
CALLING SERVICE TARIFF)	

O R D E R

On April 9, 1993, the Commission issued an Order approving BellSouth Telecommunications, Inc. d/b/a South Central Bell Telephone Company's ("South Central Bell") proposed Area Calling Service ("ACS"). On December 1, 1993, South Central Bell filed twelve months of data and an evaluation of the ACS model forecast accuracy. The data indicate that the Phase I implementation of ACS has resulted in an increase of \$370,000 in annual revenue requirement. South Central Bell believes that the plan will be revenue neutral once ACS is implemented on a statewide basis and recommends that no changes be made in either the rates or rate structure.

The Commission, after reviewing the record and being otherwise sufficiently advised, finds that South Central Bell's recommendation is reasonable. Pursuant to the June 11, 1993 Order in Case No. 93-114,¹ South Central Bell will file updated ACS data in November 1994.

¹ Case No. 93-114, The Proposed Tariff of South Central Bell Telephone Company for Proposed Area Calling Service Expansion.

IT IS THEREFORE ORDERED that neither the rates nor rate structure of ACS shall be changed until further statewide data is filed with the Commission in November 1994.

Done at Frankfort, Kentucky, this 7th day of April, 1994.
